Imagine...

A young woman leaves the town she grew up in, all her friends and connections and escapes a violent home environment with her baby. She drives away in tears from everything she is familiar with until she runs out of gas. Tired, cold, alone and with no money to buy her little girl diapers, she calls a "help line". Even though it's after 8 pm on a Friday night, the Director answers the phone, drives to find the young woman, addresses her immediate needs and finds a safe place for her to stay. The following day, they meet to discuss a plan to find more permanent housing, classes to help her qualify for a good job and most importantly, hope! (a success story from a United Way supported agency in Elkhorn)

Imagine...

An elderly man with a workplace injury finally runs out of resources after 8 months of somehow finding a way to make ends meet. He locates an agency and talks with the staff to learn if there's a way to keep his power on. As the conversation progresses, the staff learns that this man is a Viet Nam veteran who has been living with no knowledge of the military benefits he has earned. They help him apply for his pension, put a plan in place to stabilize his housing and help him look forward to a life of dignity and honor. (a success story from a United Way supported agency in Lake Geneva)

The United Way of Walworth County believes that everyone should have the opportunity for good health, an education that leads to good jobs and the financial stability to care for their families throughout retirement. We support over 30 local Walworth County agencies that provide after school programs, continuous education for teens and adults, health clinics, food pantries, transportation services, behavioral counseling and children's advocacy support. 99% of all the money we raise to give to these agencies stays in Walworth County, improving our local communities and helping our neighbors, one family at a time.

Please GIVE generously to the United Way so that we can continue to fund these partner agencies. Every gift helps! You can help to write the next success story in your community!

Many people donate \$2.00 to \$5.00 a week; others give \$5.00 to \$10.00 a month. You decide what your budget allows by completing the attached form. It can be a set up as a payroll deduction from Kunes Auto Groups! Your consistent gift allows our member agencies to dream big and help more people in our communities.

Thank you!

Dan Nordsieck  
Executive Director of the United Way of Walworth County
